Pure Air UV

631 Bluff View Dr , Pegram, TN 37143 (615) 970-2322

anthony.ritchie@pureair-uv.com www.pureair-uv.com

Pure Air UV stands out in offering premium air quality solutions, with a decade of experience catering to a wide range of industries, including the oil sector. Our expertise encompasses continuous air monitoring, COVID-19 testing, and advanced air purification systems. In the oil industry, our focus shifts towards leveraging our diverse skill set and in-depth knowledge for specialized system maintenance. We are proficient in maintaining and optimizing critical components like fuel tank farms, loading racks, Oil Water Separators (OWS), and Vapor Recovery Units (VRUs), ensuring their efficient and safe operation. Our team excels in providing long-term maintenance support and advanced troubleshooting for these complex systems. Our professionals are committed to delivering exceptional service, ensuring that every aspect of system maintenance and operation in the oil and gas sector meets the highest standards of reliability and safety.

- ASTM sampling and lab testing (gasoline, jet fuel, diesel, butane, oil, Ethanol, etc.),
- NACE Tank and Pipeline Certified
- Install and Program: Lel Monitoring system, Lab Equipment, Vapor Recovery System, Continuous Air Monitoring System, O2 Monitors, Pressure Transmitters, Variable Frequency Drives,
- Program and Troubleshoot - Programmable Logic Controllers
- Electrical and Mechanical Troubleshooting
- Install and Calibrate - Pressure Control Valves, meters, Motor Operated Valves, Automated Tank Level
- Rebuild - Pumps, valves & motors
- Continuous Air Monitoring - (COVID-19, Influenza A, and Influenza B)
- COVID-19 and Influenza Environmental Testing
- Pre-Post Cleaning Analysis
- Hospital Grade Ultraviolet Air Purification Systems

### Differentiators

- Over 100 years of Fuel Systems Maintenance experience
- In-depth Knowledge UFC-3-460-03
- Extensive Oil industry background
- Highly trained and certified
- Wide range of service areas
- Lifetime warrant option on UV Systems
- Ability to obtain any UV system
- Excellent customer service
